Physical form	Peaberry / rounded bean; unroasted export coffee.
Packing / storage	60 kg jute is a common trade pack; agree liner and net weight. Keep dry, clean and away from odours.

APPLICATIONS / BUYER SELECTION

Roasting, blends and specialty evaluation. Grade indicates physical classification; cup quality must be established by sample.

SUPPLIED-LOT CONFIRMATION

Moisture, actual screen analysis, defect count, cup score, crop year and certification require lot-specific confirmation.

Research profile; not a certificate of analysis or a shipment guarantee.
