House of Cocoa, Coffee and Vanilla

TECHNICAL PRODUCT PROFILE

ROBUSTA BLACK BEANS

UGANDA ROBUSTA · SORTED UNDERGRADE

FAMILY IMAGE · ILLUSTRATIVE

CLASS	SORT	SIZE
UNDERGRADE	COLOUR	VARIABLE

TECHNICAL CHARACTERISTICS

Product identity	Black / discoloured beans separated from export grades.
Species profile	Robusta (Coffea canephora); verify source lot.
Sorting method	Hand sorting or colour sorting, as described by UCDA.
Size specification	No universal screen size is implied by the product name.
Published grade reference	UCDA: sound beans ≤3%; extraneous matter ≤2%; stones/metals 0%.
Quality release	Inspect mould, taints, contaminants and fitness for the intended use.
Packing / storage	Agree containment, grade description and net weight; keep dry and segregated.
Product status	Undergrade material; not presented as specialty or premium coffee.

APPLICATIONS / BUYER SELECTION

Only applications accepted by the buyer after sample review and destination requirements have been checked.

SUPPLIED-LOT CONFIRMATION

Confirm grading analysis, hygiene and intended use. No food-safety clearance is implied by this profile.

Research profile; not a certificate of analysis or a shipment guarantee.
