House of Cocoa, Coffee and Vanilla

TECHNICAL PRODUCT PROFILE

ROBUSTA SCREEN 12

UGANDA ROBUSTA · GREEN COFFEE

FAMILY IMAGE · ILLUSTRATIVE

SCREEN	APERTURE	FORM
12	4.75 mm	GREEN BEAN

TECHNICAL CHARACTERISTICS

Botanical identity	Coffea canephora (Robusta)
Origin profile	Ugandan Robusta; confirm district and batch traceability.
Physical classification	Screen 12 export-grade designation.
Nominal screen opening	4.75 mm (UCDA screen-size table).
Screen distribution	12: 85% main fraction; agree full distribution by sieve test. · UCDA reference; not a lot test.
Defect reference	15% by count in the published UCDA grade table.
Processing / quality	Confirm natural or washed process, moisture and sample approval.
Packing / storage	Agree net bag weight and liner. Protect green coffee from moisture and foreign odours.

APPLICATIONS / BUYER SELECTION

Roast and blend development. Physical screen size does not itself guarantee cup score or a specific flavour.

SUPPLIED-LOT CONFIRMATION

Confirm actual moisture, defects, sieve report, crop year and cupping assessment for each shipment.

Research profile; not a certificate of analysis or a shipment guarantee.
